The 2018 British Side By Side Championship

The Championship will consist of a 120 bird English Sporting course shot over 12 stands to include a grouse and high pheasant sequence. This course will have been designed specifically to suit side by sides. This is not a CPSA registered shoot.

There will be referees on each stand to button and score.

The first card will be at 9am and the last card will be at 3pm with the prize giving held at 5pm.

Competitors must pre-book to confirm their place. They must then check in at reception before they start shooting to get their score card. Score cards must be returned to reception at the end of the round. If a score card is not returned the scores will be taken from the referee's master cards.

Competitors may re-enter the Championship if the maximum number of entries has not been reached. If the Championship has reached full capacity, re-entry will not be an option. Re-entries are only eligible for gauge prizes and not for High Gun. If you wish to shoot with two different gauges, only your first card will be eligible to win the Championship.

The course can be shot with any clay cartridge with a maximum shot size of 6.5, plastic or fibre wad. The Championship will be held under AGL ground rules – hats, ear defenders and safety glasses must be worn at all times whilst out on the ground by shooters and spectators.
